WHERE IMMUNOLOGISTS MEET

## MESSAGE FROM THE EDITOR

Dear SAIS Members,

As we wrap up the year 2023, we are thrilled to bring you a special December edition of our newsletter. The reason for this special edition is the remarkable event that unfolded in late November—the IUIS Conference hosted in the picturesque city of Cape Town.

The South African Immunology Society extends its heartfelt gratitude to each member who attended this momentous gathering. Your enthusiastic participation and dedication to advancing the field of immunology were truly commendable. The conference provided an invaluable platform for sharing groundbreaking research, fostering collaboration, and promoting scientific excellence.

We, as a community, stand stronger and more connected than ever. Thank you for making the IUIS Conference 2023 a resounding success. May this special edition serve as a reflection of the vibrant and dynamic spirit that defines our society. We also commend the conference planning and scientific committees. Your efforts to host this spectacular gathering will be remembered by many generations to come. You are trail blazers.

The next IUIS conference will be held in Vienna, in 2025, and we hope to see our members there!

*See you next year!*

With regards,  
Dr. Clement Gascua

 **KEYNOTE SPEAKERS**

 **KEYNOTE SPEAKERS**

A huge THANK YOU to all who made #IUIS2023 happen!

Those past 6 days were filled with phenomenal science, engagement with the local community and culture, as well as the extensive networking.

From the bottom of their hearts, IUIS thanks all of the attendees, trainees, staff, and faculty who made it such a historic and memorable conference - the first ever IUIS conference in Africa.

Follow the link for some parting words from the incredible IUIS President, Dr. Miriam Merad:
